

# **CCT Mission, Vision, Values, & Code of Behavior**

Adopted by the Board of Directors June 8, 2004

## **Mission:**

The mission of the Corbett Children's Theater is to provide entertaining, professional quality theatre, performed by children for audiences of all ages. We educate, challenge and inspire youth, support the learning environment, and build strong community values.

## **Vision:**

CCT seeks to be a model of excellence in theater. We provide a professional quality performance arena encompassing all aspects of theater, both technical and artistic. We develop the skills of teamwork, self confidence and collaboration in members. We seek out funds that allow us to improve our programs and facility

## **Core Values:**

- The educational power of the arts encourages teamwork and communication skills and allows participants to experience the pride of accomplishment
- High expectations of our members performance and behavior encourages them to reach their full potential and become both strong team players and confident leaders
- It is the responsibility of the all adults at CCT to create a positive, supportive, nurturing environment in which we assist young people as they face life's challenges.
- By providing a positive environment we foster the innate creativity and curiosity of youth while encouraging critical and independent thinking.
- We embrace the fundamental attributes of young people: curiosity, risk taking, candor and imagination and we strive to foster that creativity and encourage critical and independent thinking.
- All who pass through our doors deserve equal respect, courtesy and care
